

## Homeschooling

### Description

Its been long enough that you are all probably wondering about homeschooling. Well first I'll talk to you about my routine. First is math, second is writing, third is history. And at the end of the day if we have Wi-Fi we will do a math test. Next I'll tell you about where we work. You can see the picture of it at the end of this post . We work on a foldable table where there are shelves behind it. We put our work stuff in the shelves. My mom is the teacher. The subject I do the most is reading. I didn't put in my routine because I read any time any time. I do school every day. Even counting the weekends! But some days I just read. Like when we sail. Mom calling me... Over and out.

Here is some pictures of us doing school.

Peter doing school at the work table

SCHOOL!
