Hi my name is Peter Herlihy

I'm staying on a sail boat named Salmagal. Salmagal is 42 feet long.

Salmagal is a Sabre 425. I sleep in the middel of the boat. My sister is named Mira. Mira sleeps in the aft cabin. I can not wait for the light blue water to snorkel and see all the fish and coral. When we are on our trip I might see a big water fall in a jungle on a island called Dominica. There is also a island with a volcano that erupted and the people abandoned their homes a long time ago.
